

# HOSTILE ENVIRONMENTAL AWARENESS TRAINING - HEAT

## TARGET GROUP

The offers of the preparation for assignments abroad are primarily aimed at experts, managers or journalists in international cooperation's who are preparing for their assignment in an unsafe country or who have recently left the country. You are departing to a region which has an exceptionally high security risk. In your country of deployment, there is a higher risk of kidnapping, personal attack, or the risk of coming under gunfire.

## REQUIREMENTS

To take part in this training course, it is necessary for you to be physically fit. Please bring waterproof, hard-wearing clothing with you (appropriate for the time of year), as well as sturdy shoes. Please ensure that you attend this course from beginning to end.

## SUMMARY

This course is designed to prepare you for threats in particularly risky regions.

## LEARNING OBJECTIVES

You will learn how to assess dangers and threats in your partner country Theoretical and practical parts

## GENERAL NOTES

Please note that the whole course will take place at an external training facility in Rotterdam, Netherlands.

Arrival at and departure from the training facility is currently self-organised. This course is not suitable for pregnant women. The course is very intense and demanding; thus, you should try to avoid having any other work or private appointments during the week of the course.
